

Welcome

The Chardon church of Christ welcomes you to every service and to a full investigation of what we teach, in the light of the Scriptures.

The church of Christ occupies a unique place in the religious world. It is no part of Judaism, Catholicism, or Protestant Denominationalism. It is as distinct from these religions as they are from each other. Its plea for a return to the Bible has made it appealing to those who long for spirituality and simplicity of the church as revealed in the Bible.

We preach the same gospel and teach the same plan of salvation based upon the grace of God as taught by the apostles. Rom. 1:16.

This plan includes: **Faith** in Christ; Mk.16:16; **Repentance** of sins; Acts 2:38; **Confession** of faith in Christ; Matt. 10:32; **Baptism**; (This baptism is a burial in water of a penitent believer to wash away his sins.) Eph. 4:5.

Our worship is according to the New Testament pattern. Jn. 4:23-24. Services consist of: **Singing** without the use of man-made instruments of music; Eph. 5:19; **Praying** to God; Acts

2:42. Observing the **Lord's Supper** each first day of the week; Acts 2:42; **Giving** by members of the congregation; I Cor. 16:1-2; **Teaching** of God's Word; Acts 2:42.

Why "Daylight Saving Time"?

There are, based on how daylight saving time (DST) is currently implemented in the United States, two types of time. "Standard" is determined by our established time zones that stretch across the country while "daylight" time is the adjusted time in those areas where DST is observed (Hawaii and most of Arizona are excluded). Standard time was first established by the railroads in 1883 to regulate their schedules rather than having inconsistent times from one station to another. It would be another 35 years before standard time would be set by an act of Congress.

The idea of DST was first introduced in the U.S. in 1909 by Andrew Peters, but the bill had only a short, unproductive life. It would not be until the U.S. involvement in World War I that standard time would be set by Congress. Included in that 1918 ruling on standard time was the first introduction of DST in America. Strong resistance to the annual time adjustment would lead to that part of the law being repealed in 1919. Participation in DST was on a voluntary basis until it was again mandated during World War II, from 1942 to 1945. Twenty-one years would pass before the idea of DST was again employed, although not mandated, in 1966 (U.S. Naval Observatory).

From the time Congress first seriously considered regulating and adjusting time, the idea has been met with controversy (often on an economic basis). But as Christians you and I ought to be much more concerned about how time is used, not adjusted (Eph. 5:16). Because our time is limited (Heb. 9:27), and because our opportunities are fleeting (Heb. 3:13), we need to make the best use of the time God had granted us. Regardless of time zone or season, let us always walk and live in His light (1 John 1:7).
